Demo Request Form

<https://auth.sproutsong.com/request-demo>

DPDP risk level

Medium

Data type

School/institutional data

Section 1 — School identity

schoolName	PII — encrypt	Validate
trustName	PII — encrypt	Low risk
schoolEmail	PII — encrypt	Mask in logs Validate
schoolPhone	PII — encrypt	Mask in logs Validate
schoolLogo	Validate URL	Low risk

Section 2 — Contact person

contactPerson	PII — encrypt	Mask in logs
contactEmail	PII — encrypt	Mask in logs Validate
primaryContact	PII — encrypt	Mask in logs Validate
altMobile	PII — encrypt	Mask in logs Low risk
contactDesignation	Validate	Low risk

Section 3 — School profile

state / city	Validate	Low risk
type	Validate	Low risk
board	Validate	Low risk
medium	Validate	Low risk
pedagogyType	Validate	Low risk
Section 4 — Demo preferences		
preferredDate	Validate	Low risk
preferredTime	Validate	Low risk
notes	XSS risk — sanitize	Validate
Section 5 — Metadata		
status	Server-set only	Validate
adminStatus	Server-set only	Mask in logs
scheduledAt	Server-set only	

Counselling Form

Student career counselling registration

DPDP risk level

Very High

Data type

Children's data — minor

Section 1 — Student identity

referenceId	Server-set only
fullName	Minor PIIMask in logsValidate
dob	Minor PIIValidateServer-set only
gender	Minor PIIValidate
mobile	Minor PIIMask in logsValidate
email	Minor PIIMask in logsValidate
photoPath	Minor PIIPrivate storageServer-set only

Section 2 — Parent / guardian

fatherName	PII — encryptMask in logs
fatherOccupation	PII — encryptValidate
fatherIncome	Financial PIIPII — encryptServer-set only
fatherContact	PII — encryptMask in logsValidate
fatherEmail	PII — encryptMask in logsValidate
motherName	PII — encryptMask in logs
motherOccupation	PII — encryptValidate
motherIncome	Financial PIIPII — encryptServer-set only
motherContact	PII — encryptMask in logsValidate

Section 3 — Home address

house	PII — encryptMask in logs
landmark	PII — encryptLow risk
village	PII — encryptValidate
city	PII — encryptValidate
district	PII — encryptValidate
state	PII — encryptValidate
pincode	PII — encryptValidate

Section 4 — Academic profile

standard	Validate	Low risk
board	Validate	Low risk
school	Validate	Low risk
medium	Validate	Low risk
year	Validate	Low risk
stream	Validate	Low risk
scienceGroup	Validate	Low risk

Section 5 — Academic documents

std8FilePath	Minor PII	Private storage	Validate
std9FilePath	Minor PII	Private storage	Validate
std10FilePath	Minor PII	Private storage	Validate
std11FilePath	Minor PII	Private storage	Low risk
